- Students will be able to complete the educational requirements for one complete credentialing or enrichment level in a twelve month period of time or less.
- Students will be taught in a classroom environment by qualified faculty.
- Innovative technologies will be utilized to teach courses in various areas of Alaska while still meeting the requirements of in-class participation.

Commitments, Endorsements, Disclaimers

Commitments

- AKSOM is totally committed to teaching and upholding the principles, doctrines, and polity of the General Council of the Assemblies of God.
- AKSOM fully ascribes to the Official Statement of Fundamentals Truths of the Assemblies of God.
- AKSOM is committed to providing biblical, theological, and practical courses meeting the General Council of the Assemblies of God's educational requirements for ministerial credentialing.

Endorsements

- The Alaska School of Ministry has been recognized and endorsed by the Executive Presbytery of the General Council of the Assemblies of God as a member of the Association of Assemblies of God District Schools of Ministry.

Disclaimers

- Courses offered through AKSOM meet the educational requirements of the Alaska Ministry Network of the Assemblies of God for ministerial credentialing. **Completion of AKSOM courses do not automatically qualify an individual for ministerial credentialing—the credentialing process is separate from AKSOM.**
- Courses offered through AKSOM are non-accredited courses and do not automatically qualify for college credit.
- AKSOM is an alternative to a college education. Those who can enroll in college are encouraged to do so. The level of education in a college program will go far beyond the basic requirements of ministerial training. However, for those who cannot attend college, AKSOM is a viable and profitable approach to ministry training.

- AKSOM is open to all Christ-followers, not just those who wish to pursue ministerial credentials.

- The Alaska District School of Ministry is exempt from State of AK authorization requirements under AS 14.48 and 20 AAC 17.015.
- At least one course from each of the three credentialing levels will be taught September—May (provided sufficient students are enrolled for each course). Thus, completion of one level of credentialing courses can be finished in one class-year.

Teaching Methodology

- Pre-class work will require the complete reading of an approved textbook and completion of a text-overview based on the text. **The Text Overview must be submitted before class.**

- Class time will be for at least five hours with a qualified instructor—all students are required to attend the class session. **Projected class time is from 9am-3pm with a one hour lunch break. Students are encouraged to bring their laptop to class.**
- **On-line exams** based on the text-overview and class presentation will be given at the end of each class session. A test will be available to the student following the lunch break.

Course Grades

- Course grades will be weighted as follows:
 - Class attendance and participation is mandatory.
 - Completion of study guide—40% of grade
 - Course Exam—60% of grade

Total grade of 70% or higher is needed to pass each course. Grades can be contested for up to three months following the class. All completed student assignments, text overviews, and tests will be kept in the AKSOM office for six months following the course instruction.

Application

All students must complete the online “New Student Application” at aksom.net under the “New Student” tab and submit the completed application along with a one-time \$50 application fee (non-refundable). Upon completion of the application, a student may enroll for courses online at aksom.net.

AKSOM Payment Policy

- It is expected that a student pays for the course and textbook upon enrollment.
- A student may not have an outstanding balance. If there is an unpaid balance, the student may not register for additional courses until the bill is paid. Also, AKSOM will not release a transcript to the student, credentialing office, or to any other entity, unless the student's bill is paid in full.
- If a student cannot attend the class, for any reason, the student can apply his/her unused class tuition to any future course within three months of the original absence.

Catalog Scholarship Statement

Eligibility for all financial assistance is based upon students completing the free application which can be downloaded from the AKSOM Website and returned by September 1. Scholarships are based on the financial need of the student and the completed Pastoral Reference form.

Scholarships cover the cost of tuition. Students are responsible to pay for books and any other AKSOM fees. Students must earn a course grade of at least 70% to continue receiving scholarship.

The Alaska Native Scholarship is a scholarship for an Alaska Native student who will be attending an accredited Assemblies of God College/University, or an approved school of ministry, who upon completion intends to pursue full time vocational ministry within the state of Alaska. General Policies

- AKSOM courses are open to all members and adherents of Alaska churches.
- Students may enroll in any course for the purpose of meeting ministerial credentialing requirements or for the purpose of personal enrichment and education.
- Students desiring credit for previously completed college level work may have official copies of their transcripts sent to AKSOM.
- Students must enroll no later than two weeks prior to the course they wish to take. Earlier enrollment is encouraged in order to gain full benefit from each course.
- Students are required to complete a minimum of 10 hours of preparatory self-study in advance of each class session.
- Students are required to read the course textbook(s) and to complete the course text-overview and any other assignments prior to each class. Text overviews should be submitted the day before the class.

Student Code of Ethics, Conduct, & Honor

Students are expected to conduct themselves in a Christ-like and biblical manner at all times, in both their personal conduct and pursuit of their studies. Students are to strive to maintain the highest of ethical standards, including honesty and integrity. Failure to adhere to such standards may result in the student's dismissal from AKSOM, subject to the decision of the school's administration.

In the classroom, students should be respectful of their peers and instructors. Behavior that is disruptive to the learning process and disrespectful to others will not be tolerated and will be addressed, first by the instructor of the class and, if necessary, by the administration. Students refusing to be cooperative may be dismissed from the school.

Student Policies

Students are expected to complete the required text-overview by their own efforts. While it is reasonable and beneficial for two or more students from the same family, church, or community to study together, it is essential that each student's work be his or her own endeavor. Students should not combine their study results to make a common line of thought that appears identical on multiple pre-class session text overviews. Situations of this nature will be brought to the attention of the school's administration and will be investigated to determine if discipline is warranted.

Attendance Policies and Class Make-up

- Students are expected to attend the full five hours of class time required for each course.
- **In the event the student misses a class: Students may elect to wait until the course is offered again (and receive a refund) or take the missed class through Berean School of the Bible for separate fees.**
- In the event of an emergency (such as hospitalization, family or church crisis), students must notify the AKSOM office of their absence. The student may elect to take the missed course through Berean School of the Bible, wait until the course is offered again, or explore other options. Students will not be allowed to make-up more than one course per school year.
- If a student cannot attend the class, for any reason, the student can apply his/her unused class tuition to any future course within three months of the original absence.
- Students are expected to arrange for their own transportation, lodging, and meals to, from, and during live class sessions.
